## SUMMARY

Front-End Developer with hands-on experience in React.js, JavaScript (ES6+), HTML5, and CSS3. Skilled in building responsive user interfaces, reusable components, API integration, and component-based architecture. Experienced in developing and deploying web applications through internship and personal projects.

## EXPERIENCE

### Software Engineer Intern

#### iSON Xperiences – Noida, Uttar Pradesh

March 2025 – April 2025

- Developed a **dynamic profile management system** using **React.js, JavaScript, HTML, and CSS** with real-time data updates.
- Built dynamic forms for user data handling with **real-time updates and validation**.
- Implemented **AJAX-based data fetching and updating** for seamless user experience.
- Created reusable UI components and worked with team members to debug and optimize performance.

## PROJECTS

### Adhyan AI – AI Learning Platform (*In Progress*)

- Built an AI-powered platform integrating **ChatGPT** and **Google Gemini** APIs for intelligent query handling.
- Developed responsive frontend using **React.js, JavaScript, HTML, and CSS** with dynamic content rendering.
- Implemented **API request/response handling** and **real-time data updates**.
- Technologies:** React.js, JavaScript (ES6+), HTML5, CSS3, REST APIs

### QR Fusion - Advanced QR Code Generator | [Live Demo](#)

- Developed a QR code generator using **JavaScript** with support for multiple formats and **real-time generation**.
- Implemented features for downloading QR codes in different formats and ensured **responsive UI**.
- Supported multiple export formats including **PNG, JPEG, PDF, and ZIP (batch download)**.
- Implemented **input validation** and **error handling** for improved user experience.

### TypRush – Typing Challenge Tool | [Live Demo](#)

- Developed a typing speed and accuracy testing application with multiple modes (**Time, Word, and Custom**).
- Implemented **real-time WPM calculation, accuracy tracking, and instant performance feedback**.
- Optimized for **performance, accessibility, and responsive design** across desktop and mobile devices.
- Designed an intuitive **user interface** to enhance typing practice experience.

### Portfolio Website | [Live Demo](#)

- Developed a responsive portfolio using **HTML, CSS, and JavaScript** to showcase projects and skills.
- Added a **downloadable resume** and structured project sections for easy access.
- Integrated a contact form using **Google Forms** for user interaction.

## SKILLS

**Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design

**Tools:** Git, GitHub, VS Code, Figma

## EDUCATION

### Maharana Institute of Professional Studies | Kanpur, Uttar Pradesh

- Bachelor of Technology (B. Tech) in Computer Science and Engineering.
